

Technical Program Schedule-At-A-Glance

Blue Italic: Oral Sessions

Black Bold: Workshops

updated 5/11/2015

Room	Thur. AM	Thur. PM	Fri. AM	Fri. PM
Williams 202	Food Chemistry & Nutritional Biochemistry	<i>Food Chemistry</i>	<i>Physical Chemistry I</i>	<i>Physical Chemistry II</i>
Williams 211	Green Labs: Supporting Greener Labs	Identifying and Evaluating Hazards in Labs	<i>Biochemistry I</i>	<i>Biochemistry II</i>
Williams 218	Green Chemistry I	Green Chemistry II		Green Polymers
Williams 221	<i>Chemical Education I</i>	<i>Chemical Education II</i>	Intersections of Chemistry and Art	News From Carbon World
Williams 222		The Legacy of Minority Institutions	<i>Analytical Chemistry</i>	Chemistry and Art
Williams 225	Materials for Energy I	Materials for Energy II	Organometallic Chemistry & Catalysis	Colloids and Surface Chemistry
Williams 302		Progressive Methodology for Organic Synthesis	<i>Materials Chemistry I</i>	<i>Medicinal Chemistry</i>
Williams 310		Bio-Based Materials and Processes	<i>Materials Chemistry II</i>	
Williams 313	Routes to a Tenure Track Position at PUI	COACH: Communication & Negotiation	Fulbright Scholarship in STEM Fields	Introduction to IONiC/VIPeR
Williams 317	<i>Organic Chemistry I</i>		<i>Organic Chemistry II</i>	Resume Review
Williams 320	<i>Inorganic Chemistry I</i>	<i>Inorganic Chemistry II</i>	ACS Career Pathways	
Williams 323	Environmental Chemistry I	Environmental Chemistry II	Environmental Chemistry III	Environmental Chemistry IV
CNS 115	Undergraduate Demos & Career Panel Discussion
